

Installation Example
Ceiling Height (CH) :
110-1/4" (2800 mm)

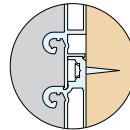

Ceiling Height (CH) :
112-3/16" (2850 mm)

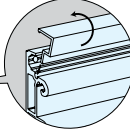

2 design panels are used to cover 1-31/32" (50 mm) space in case of ceiling height 112-3/16" (2850 mm).

Install the bottom rail ①. Level the bottom rail before fastening. Insert the profile ② into the bottom rail. Fasten with screws.

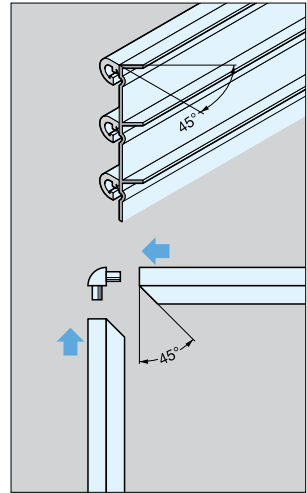

Install the profile ② until it reaches required height. The profile will cover the screws.

Snap-in the top rail to cover all the screws.

Corner Installation
