

GLASS DOOR CAM LOCK

GS-GL50

- A cylinder lock for high-end glass showcases.
- Designed for use with the GS-GH50 hinge, complements retail fixtures.
- Thick stainless steel deadbolt for added security.
- The keys are dimple type and reversible.
- Key number can be changed without replacing the cylinder (Easy key change).
- The key number can be changed up to 2 times. Previous keys cannot be used again after changing the key number.
- A cover hides the key hole.
- The face plate can be used as a handle to open the door.
- The only drilling required for the cabinet is a round hole. This makes the installation very quick.
- Special type which does not have the construction key system is also available (Key changes: 3,000 per master key).
