

CABLE GROMMET FOR SHEET METAL

LS50F, LS60F

GROMMETS

CABLE GROMMET

LS50F-WT

LS50F-GR

LS50F-BL

- One-touch easy installation on sheet metal.
- Folding flap can close the opening when not in use.
- Can be used for thickness from 1/32" to 5/64" (0.8 to 2.0 mm).
- Compliant with flame retardancy standard UL94 V-0.
- Flap cover can snap open and lock in position.

Quick Installation to Sheet Metal

Flap Cover

The cover can be folded and held on backside to prevent misplacement.
The whole cap is removable for a wider opening.
